## Independent Auditor's Report

**Board of Directors  
Friends of Israel Disabled  
Veterans, Inc.**

We have audited the accompanying statement of financial position of Friends of Israel Disabled Veterans, Inc. as of December 31, 2011, and the related statements of activities, functional expenses and cash flows for the year then ended. These financial statements are the responsibility of Friends of Israel Disabled Veterans, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from Friends of Israel Disabled Veterans, Inc.'s December 31, 2010 financial statements and, in our report dated August 31, 2011, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Friends of Israel Disabled Veterans, Inc.'s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Friends of Israel Disabled Veterans, Inc. as of December 31, 2011, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2011**

**NOTE 1 - NATURE OF ORGANIZATION**

Zahal Disabled Veterans Organization ("Z.D.V.O.") was founded to represent, lobby for and rehabilitate the quadriplegic, paraplegic, blind, burned, amputee and other disabled Israeli veterans. To facilitate their rehabilitation, three Beit Halochem Centers ("Centers") were built in Tel Aviv, Haifa, Jerusalem and a rest and recreational facility in Nahariya. Friends of Israel Disabled Veterans, Inc. is the official U.S. tax-exempt representative of Zahal Disabled Veterans Organization. Its major mission is to bring awareness and raise funds for these Centers and the veterans they serve.

The Centers are dedicated to providing comprehensive treatment and services. Limited by serious handicaps, many disabled find it difficult to re-establish a daily regimen so necessary to physical and mental well-being. Providing the means to succeed is Beit Halochem's top priority. The veterans receive individualized physical and hydrotherapy, psychological counseling, sports, vocational and academic training. The Centers also provide programs and activities for the entire family, bringing together parents and children in an environment of "normalcy" and warmth.

Academic scholarships give the disabled veterans the opportunity to go to college, either to continue what they were learning before disabled, or new fields, as their disabilities often prevent them from pursuing their original goals.

The Centers also provide state-of-the-art sports training. Some of the members progress so well that they are given specialized training in order to compete in the Paralympics and other games specifically geared to disabled athletes around the world. The Centers' veterans have won gold medals at many of these events. Becoming a successful athlete gives the disabled veteran strength of mind and spirit, enabling him or her to overcome the painful obstacles of the disability.

The Centers enable these men and women to regain control of their lives, with self-confidence and dignity, in an atmosphere of love, encouragement and deep appreciation for their tremendous sacrifice.

In the last ten years, due to terror attacks, civilians found themselves standing on the front line and being injured side by side with soldiers. Due to this new situation, Z.D.V.O. took upon itself to care for this population. Today civilian victims of terror can become equal members of one of the three Beit Halochem Centers and enjoy Beit Halochem Centers and benefit from their services.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011

**NOTE 1 - NATURE OF ORGANIZATION (continued)**

Friends of Israel Disabled Veterans, Inc. ("Friends") was incorporated in 1987 as a nonprofit organization and is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code.

The Friends website is available for more information about individual disabled veterans, current events at Beit Halochem in Israel and in the U.S., and donation opportunities.

Friends' primary purpose is to obtain contributions to fund facilities and special programs for disabled Israeli veterans in Israel.

The organization is funded primarily by contributions.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of accounting* - The financial statements are prepared on the accrual basis of accounting.

*Use of estimates* - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Investments* - Investments are carried at fair market value. Friends of Israel Disabled Veterans, Inc. invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, based upon the markets' fluctuations, and that such changes could materially affect Friends' financial statements.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

*Fair Value Measurements and Disclosures*

In accordance with generally accepted accounting principles, Friends of Israel adopted provisions of *Fair Value Measurements and Disclosures* (ASC Topic 820), which establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below. Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that Friends has the ability to access. Level 2 inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 as compared to those used at December 31, 2010.

*Equities, U.S. Government bonds, corporate bonds and money market funds* - Valued at the closing price reported on the active market on which the individual securities are traded.

*Federal agency obligations and State of Israel bonds* - Valued based on quoted market prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2011**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

*Fair Value Measurements and Disclosures (continued)*

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Friends believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the asset balances measured at fair value by level as of December 31, 2011:

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Contributions receivable** - Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included as support until the conditions are substantially met. Friends does not charge interest on outstanding receivables.

**Allowance for doubtful accounts** - Friends determines whether an allowance for uncollectibles should be provided for contributions receivable. Such estimates are based on management's assessment of the aged basis of its contributions, current economic conditions, subsequent receipts and historical information. Contributions receivable are written off against the allowance for doubtful accounts when all reasonable collection efforts have been exhausted. As of December 31, 2011, Friends had no allowance for doubtful accounts.

**Beneficial interest in remainder trust** - The fair value of the beneficial interest is estimated by discounting the estimated future cash flows using a risk-adjusted rate.

**Fixed assets** - Fixed assets are recorded at cost. Depreciation is provided on the straight-line method over the estimated useful lives of the assets, which range from three to five years. Items with a cost of \$1,500 and an estimated useful life of greater than one year are capitalized.

**Annuity payable** - The fair value of the obligation is estimated by discounting the estimated future cash flows using a risk-adjusted rate.

**Contributions** - Unconditional contributions, including promises to give cash and other assets, are reported at fair value at the date the contribution is pledged. The gifts are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

**Advertising** - Advertising costs are expensed as incurred.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

*Functional allocation* - The costs of providing Friends' programs and other activities have been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

*Unrestricted net assets* - Unrestricted net assets include funds having no restriction as to use or purpose imposed by donors.

*Temporarily restricted net assets* - Temporarily restricted net assets are those whose use has been limited by donors to a specific time period or purpose.

*Summarized financial information* - The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with Friends' financial statements for the year ended December 31, 2010, from which the summarized information was derived.

*Uncertainty in income taxes* - Friends has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements. Periods ending December 31, 2008 and subsequent remain subject to examination by applicable taxing authorities.

*Subsequent events* - Subsequent events have been evaluated through June 18, 2012, which is the date the financial statements were available to be issued. Management has determined that there are no material subsequent events that would require disclosure in Friends' financial statements through this date.

Friends is the trustee and beneficiary of a charitable remainder annuity trust agreement established by Mr. and Mrs. Carl Gans of New York, New York on April 14, 2000. The trust agreement provides that the trustee pay an annuity amount equal to 10.43% of the initial net fair market value of the trust assets as of the date of the annuity trust agreement. Any payment in satisfaction of the annuity amount shall be from income and, to the extent that income is not sufficient, from principal. Any income of the trust for a taxable year in excess of the annuity amount shall be added to principal. The annuity amount shall be paid in equal quarterly amounts. The trust uses a 6% discount rate. As of December 31, 2011, the trust fund assets are \$6,597.

Friends is the trustee and beneficiary of a special charitable remainder annuity trust agreement established by Mr. and Mrs. Carl Gans of New York, New York on September 25, 2001. The trust agreement provides that the trustee pay an annuity amount equal to 9.164% of the initial net fair market value of the trust assets as of the date of the annuity trust agreement. Any payment in satisfaction of the annuity amount shall be from income and, to the extent that income is not sufficient, from principal. Any income of the trust for a taxable year in excess of the annuity amount shall be added to principal. The annuity amount shall be paid in equal quarterly amounts. The trust uses a 6% discount rate. As of December 31, 2011, the trust fund assets are \$13,514.

Friends is the beneficiary of a charitable remainder annuity trust agreement established by Mr. and Mrs. Leonard Smith of Beverly Hills, California on November 24, 1995. The trust agreement provides that 8% of the net fair market value of the trust assets shall be paid semiannually to Mr. and Mrs. Leonard Smith during their lifetimes, in each taxable year. Upon the death of Mr. and Mrs. Smith, the principal of the trust would be remitted to Friends. The value of the trust at the present value of estimated future cash flows at December 31, 2011 is \$9,795. The trust uses a 6% discount rate.

**NOTE 8 - CONCENTRATIONS**

Financial instruments which potentially subject Friends to a concentration of credit risk are cash accounts with financial institutions in excess of the FDIC insurance limit (\$250,000). The total exposure as of December 31, 2011 is \$1,593,998.
